Alan:

Simonton cut off as follows:

Tuesday for following Wednesday dock date.

Thursday for following late Friday dock date but doesn't unload until the following Monday.

Metro deliveries are Mon., Wed and Friday. Our north run are Tuesday and Thursday. We are typically scheduled out 3 days in advance and deliveries are not scheduled until product is checked in.

Wood Windows lead time is 5-6 weeks. We use Weather Shield and there is little we can do about lead time. Sorry.

If we can get 11411 Switzer order signed off today, we could potentially deliver Friday the 11th.

Thank you,

2015 IECC for parker .32 or better required

with fix molded nail fins

white vinyl pvc fiberglass whatever

We usually use simonton

We pull trim and replace them right, we need a bit less deep into home if possible my crew always needs to trim 1/2 sheetrock off.

So less depth into houses like simonton pro finish has 1 15/16ths is there any less? I think we have 1 3/8 usually

Always upgrade low e north region

2 week lead time? can be 3 or 4 weeks not more

Alan:

Regarding the last line of 71 x 59.5 SH-2. Attached is an opening report. You only get your clear opening from the bottom sash so this will not meet egress. Do you want to consider a horizontal slider?
