To properly bill on the current 2016 claim we need a copy of the full policy via PDF on email, we need to know what insurance company you had in 2012, and we need a copy of the claim from 2012 to see what windows were paid and what was included so that we don't double bill.

Please provide this information by Monday close of business so that we can arrange to meet the adjuster out of your property and walk her through a properly estimated claim to repair your damages as we would like to meet her there in the next 10 days and continue moving on your claim

Hi Thom,

Attach is the claims summary from 2012. The local claims appraiser is Shusten Johnson and her cell # is 720-281-1443. I just left Shusten a voicemail.

Good luck!

Marshall
